API

For i-Reporter Cloud

CIMTOPS

API on i-Reporter cloud servers

- Full access to all API Endpoints are available to customers
- ConMas Generator cannot be installed on i-Reporter cloud servers
- API Rate Limits:
  - Limit of 10MB of data per call to an API Endpoint
  - Limit of 100MB of data transfer per API Endpoint per day
  - Daily limit of 1GB total data transfer per day via API Endpoints

* Customers with over 100 users do not have the above API Rate Limits in place due to being hosted on a dedicated instance and not a shared instance
